LIVE MUSIC & DJ

To guarantee a smooth flow of the evening you can book one of the following DJs. They are already familiar with us, have many years of experience as a wedding DJ and are absolutely reliable. So you have nothing to worry about and just enjoy your party.

If you want to book another DJ, this is possible after prior consultation and approval by the von Winning Team and after signing a contract for noise protection. Due to noise protection reasons, live music is not possible on the whole area. The only exception is the musical accompaniment of the free wedding ceremony. Background music during the champagne reception can be played over the winery's music system.

DJ Kai Weber

With him, nothing can go wrong with your party - Through years of experience and his wide range of music, he lures every guest onto the dance floor and ensures an unforgettable evening.
